

Scotsman® Ice Machines, the Perfect Fit for Coca-Cola Freestyle™

Scotsman® offers a large selection of reliable and efficient ice machines that are an innovative solution for the Coca-Cola Freestyle™ Fountain Dispenser. As the only self-monitoring ice machine with front-located AutoAlert™ external indicator lights, the Scotsman Prodigy Cuber constantly communicates information about its operating status and signals when it's time to perform normal maintenance or call for service. That makes upkeep practically foolproof. And when you consider its wide range of other performance features, there's simply no smarter, more reliable way to create fresh-tasting ice.

Valuable Programs for Coca-Cola Freestyle™ Customers

ICE MACHINE INSTALLATION & REMOVAL PROGRAM

Call **1-866-463-9574** to speak to a Coca-Cola Freestyle™ Customer Service Manager.

EASY FINANCING & LEASING PROGRAM

Call **214-534-0486** or email financebk@yahoo.com to learn more about our purchase or lease options.

Bright Reasons to Try the Prodigy® Cuber

SELF-MONITORING TECHNOLOGY DELIVERS RELIABILITY

Prodigy® AutoAlert™ external indicator lights continually communicate the machines current status for **complete confidence in its ice making capability**. This enables the operator to know when power is on and the machine is properly making ice which is critical to **ensuring customers get the ice they need**.

QUIET & COMFORTABLE OPERATION

With a unique fan blade design and quieter compressors, Prodigy Cubers reduce the noise of ice making. Our Eclipse® models feature a remote located condenser and compressor which **removes heat and noise** from the dining area resulting in **a more enjoyable dining experience**.

LARGE DAILY PRODUCTION CAPACITY

Scotsman Prodigy Cubers offer up to **1,000 lbs. of ice production per day**. Batches of ice harvest very quickly, **ensuring ice is always in the bin**.

EXTENDED TIME BETWEEN CLEANINGS

The patented **WaterSense adaptive purge control** reduces scale buildup by detecting and purging particulate-laden water with every freeze cycle for **a longer time between cleanings** and maximum reliability.

SMALL FOOTPRINT

Prodigy Cubers feature small footprints that **allow placement in the tightest areas**.

EASY-ACCESS FOR CLEANING & SERVICING

Front and side panels can be easily removed allowing **clear access to internal components**. A reusable air filter is simply removed from the outside for easier cleaning. Inside a diagnostic code display helps technicians determine issues quickly and accurately for **the right fix the first time**.

BUILT-IN ANTIMICROBIAL PROTECTION

Scotsman AquaArmor™, which utilizes **AgION®**, a silver-based antimicrobial compound is molded directly into key components to further **defend against undesirable microbes, bacteria, mold and algae**.

* Use for EH222, 600 lb. **Use for EH222, 800 lb. ***Use for EH222, 1000 lb.

Specifications and design are subject to change without notice.

EH222 Prodigy Eclipse®

Eclipse cuber technology moves the compressor and condenser to the roof.

- Moves noise and heat away from customers and workers for quieter environment
- Small footprint allows ability to fit snugly against wall for unique point-of-use flexibility

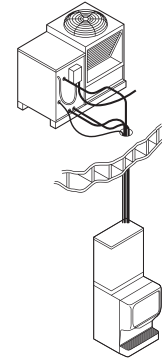

Ice Machine

Compressor

Remote Condenser

Eclipse System connected to single remote condenser.

All Models Produce Cube Ice

Models C0322 and C0522 are available in two cube ice form sizes:
Small Cube or Medium Cube

Model EH222 is available in one cube ice form size:
Small Cube

Small Cube

7/8" x 7/8" x 3/8"

Medium Cube

7/8" x 7/8" x 7/8"

Operating Requirements

	Minimum	Maximum
Air Temperatures	50°F (10°C)	100°F (38°C)
Water Temperatures	40°F (4.4°C)	100°F (38°C)
Remote Cond. Temps	-20°F (-29°C)	120°F (49°C)
Water Pressures	20 PSIG (1.4 bar)	80 PSIG (5.5 bar)
Electrical Voltage	-10%	+10%

Warranty

- 3 years parts and labor on all components.
- 5 years parts and labor on the evaporator.
- 5 years parts on the compressor and condenser.

Warranty valid in North, South & Central America.
Contact factory for warranty in other regions.
